
Editorial Foreword

Dear Readers,

Based on 10 selected papers of the workshop “6G Knowledge Lab Opening and 36th GISFI Workshop” held on 21–22 December 2020, organized jointly by the CTIF Global Capsule (CGC) and the Global ICT Standardisation Forum for India (GISFI), the Special Issue has been divided in 2 parts, consisting of 5 papers each.

The first part is entitled, “6G Enabling Technologies – Innovation 6G” has been published in Volume 9 Issue 3 in December 2021.

The second part of the Special Issue is entitled, “6G Mobile Communication Network: Services and Enabling Technologies”. It consists of the following 5 papers.

- 6G Mobile Communication Networks: Key Services and Enabling Technologies
- 6G Technologies – How Can It Help Future Green Business Model Innovation
- 6G Networks Orientation by Quantum Mechanics
- IoT Health Data in Electronic Health Records (EHR): Security and Privacy Issues in Era of 6G
- Privacy Preservation for Enterprises Data in Edge Devices

We hope you will all enjoy reading this Special Issue and will get valuable information about 6G.
