

## Electric/Energy Websites

*Lindsay Audin*

*President*

*Energywiz, Inc.*

*(Editor's Note).* In this report, Mr. Audin shares with readers some of his favorite websites. He cautions that these websites have been selected primarily for their coverage of deregulation issues, and are only part of the information available on energy and the environment. A further precautionary note: the list was compiled 9/23/97 and since changes occur often in websites, the reader must recognize that some of the ones shown may no longer apply.
